

**Keilt &
Fix**

Just a note to tell you that Smitty died. His daughter sent me a note last week and sent the small card that I have made a copy of, and sending it to you.

Smitty has been in bad health for some time. I talked to him at Christmas time and he said he was in really bad shape. His handwriting was very shaky too.

In case you want to be in touch with either of them.

We are doing OK. I am to have my left kidney removed on March 6th. Planning a quick recovery. Henry feeling fine, getting more sassy----he is still doing a lot of volunteer work, some telephone work and other small building jobs, like ramps for wheel chairs. Keeps him busy and he likes doing it. His hearing is very bad. He just went to a hearing clinic and got new hearing aids, and it helps some, but its like yelling at him to really have him hear and understand. One doctor told me that he had selective hearing. Meaning, if he didn't want to listen, he turned the hearing aids off. He really does that sometimes. But he's a good guy, hearing loss or not and I plan to keep him around for awhile.

**Let me hear from you soon.
